We live in an age of increasing intolerance of all kinds. One of the forms of intolerance you will find hardest to deal with flourishes at some universities. It is called "political correctness" and it is designed to intimidate people and to censor their speech and behaviour and to control what they are allowed to think.

Now, nobody should be rude, insensitive or offensive, that is plain bad manners. Having lived and worked in a culturally diverse environment, I hope you have learned this. After all, being civil is what civilization is about. The new intolerance, however, is not about civility, it is about censorship and control. The new standards of correctness do not help you to deal with disagreements, competition and conflict in a civilized way. These new standards are in many respects similar to old forms of intolerance which forbid you to do, think or say certain things because somebody disagrees. It does not matter how noble the motives may be, the result is the same: intolerance rules.

Fortunately, you have been at a politically incorrect school. We not only permit competition, we encourage it and expect everybody to do his or her best. We do not limit or withdraw some sports or courses because everybody cannot do them well. We recognize excellence and reward it without thinking in terms of winners and losers. There are no penalties for not being excellent, only penalties for not trying. In contrast, much of the new wave of political correctness is designed to keep you from trying because you are the wrong sex, the wrong colour or the wrong age.

At university you may face pressure not to participate in some things, not to try others; you may be asked to protest the unfairness of competitive sports, demanding course and elite standards. You will find that this pressure is not caused by the fact that these things are wrong or illegal, but that they are simply unpopular with some loud self-interest group. Resist them. Do not let them limit your lives and narrow your opportunities.

Keep in mind that those pushing for new standard of correctness usually want to impose standards that will favour them. Too often, their call to be correct is not designed to make people try harder or to reform an unfair system, but to impose a new system which is both unrealistic and potentially destructive of the freedoms we enjoy. If something offends somebody, it should not be said, done or even thought. If all cannot compete or participate, nobody should play. If all cannot be excellent, there should be no awards for achievement. This is a prescription for mediocrity to prevail; for "niceness" to be the only social norm. This is not for your.

Remember, no matter how far standards are lowered, by a simple rule of mathematics, half of us must be under the correct average. Better to be under average in a class of Einsteins or on a team of Gretzkys than to never have had the chance to find out how good you really are because somebody wants to keep you from trying.

Once again the Spectrum staff located in "that room" behind the Tuck Shop has created yet another great yearbook. From September until after the closing days of school, the age old tradition of the school yearbook is produced.

This year with the addition of a Spectrum computerization program a few things changed and will continue to evolve as these computers become more and more a part of the overall production of the yearbook.

Thank you to everyone that was a part of the Spectrum staff and to Mr. Ashworth who was a tremendous help.

I hope that you enjoy this year's Spectrum, that is filled with great moments and memories of an unforgettable school year!

Stanstead College is a small community that brings individuals, from a vast international background together to strive both academically and athletically and to pursue the development of hobbies and talents. As Head Prefect along with my fellow prefects, I've tried to incite enthusiasm amongst peers to appreciate each other and participate in an exemplary manner. I've encouraged students to greet the challenges and the demands they encounter in Stanstead's environment, as they will learn much from great expectations and difficult times.

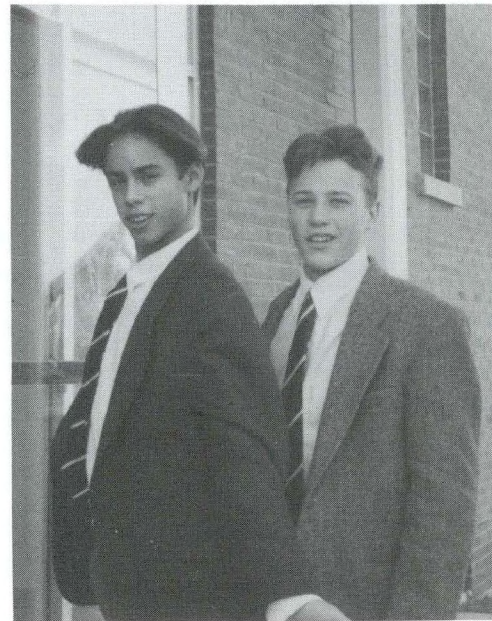

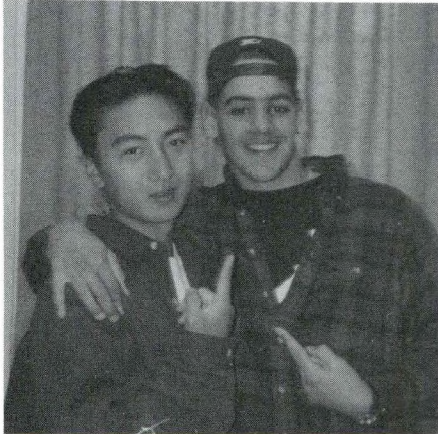

While carrying out the responsibilities of Head Prefect to the best of my abilities, I've managed to devote time to the friendships I've acquired here and the activities and personal hobbies, like theatre arts, music and various team sports that I've been able to develop. I've also continued to put much effort into my studies to maintain the level of achievement Stanstead has taught me to expect from myself. I've used my six years in Stanstead as an opportunity to greatly achieve and develop friendships I hope will last forever. I hope other students will benefit from their experience at Stanstead in the same way I have.

DAVIS HOUSE

I was appointed the new House Director this year and tried to offer new ideas and a different approach for residence life. The year was a challenge considering that there was not one spare bed and that we also had the senior male day students residing in the basement. Living together is one of the biggest challenges you can have and you have to work very hard as a group to have a good environment for everyone.

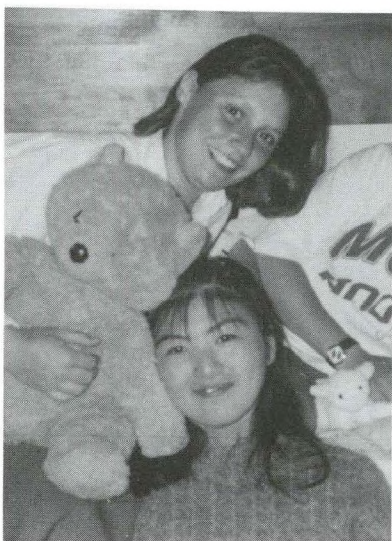

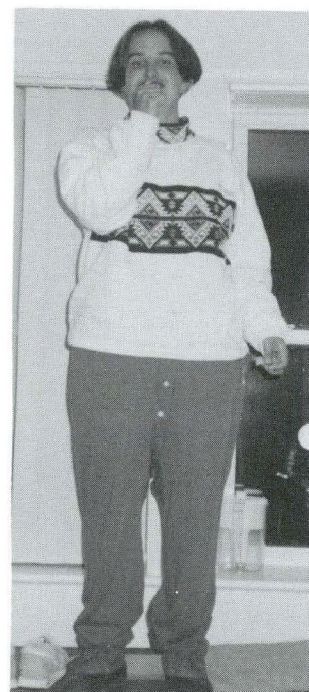

The year started very well with initiation which ended with dodgeball followed by a BBQ. The house committee raised money all year which helped with house entertainment during the year and ended the year with the best house party ever. On behalf of the Davis students I would like to thank the committee for all their hard work.

A new Assistant House Director came to us this year in the person of Mr. Christian Williams, the new art teacher. This was his first year at a boarding school. He worked very hard to adapt to this new way of life and I thank him for all his help. Finally I would like to thank Alvaro, Fred, Tony, Gilmore, Ryan, Eric and Mike for a great job this year. The most difficult job in a school is to gain the respect of your peers, especially your friends. I am very proud to have had such a great group of prefects and I thank them for their consistent hard work throughout the year. I would also like to thank the TODs who make our job easier and the cleaning and maintenance staff who help us keep the house in good shape. A special thanks to all the Davis residents for making my first year as House Director a great one.

Recipe for a senior girls dorm á la Webster

MIX: 48 distinct personalities between 14 and 18 years of age. Be careful that you don't mix too well or you might lose the distinct flavor.

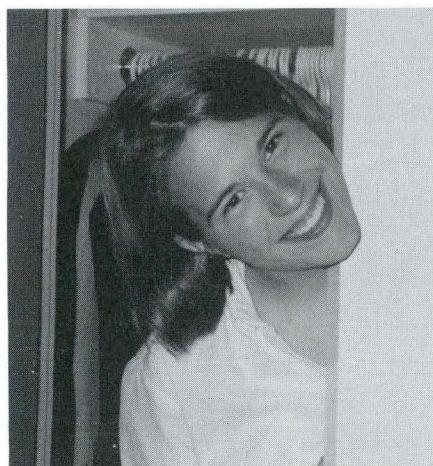

ADD: Two house directors, four T.O.D.'s, and a couple of dogs to do the supervising.

Stir in: A lot of love, time and patience with a firm hand.

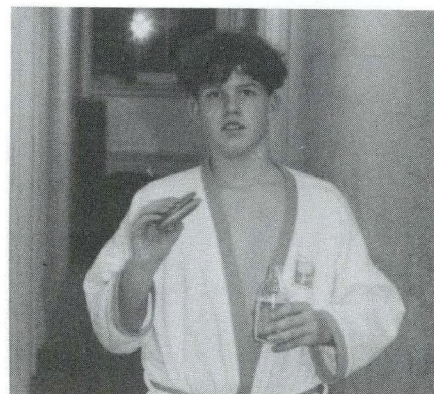

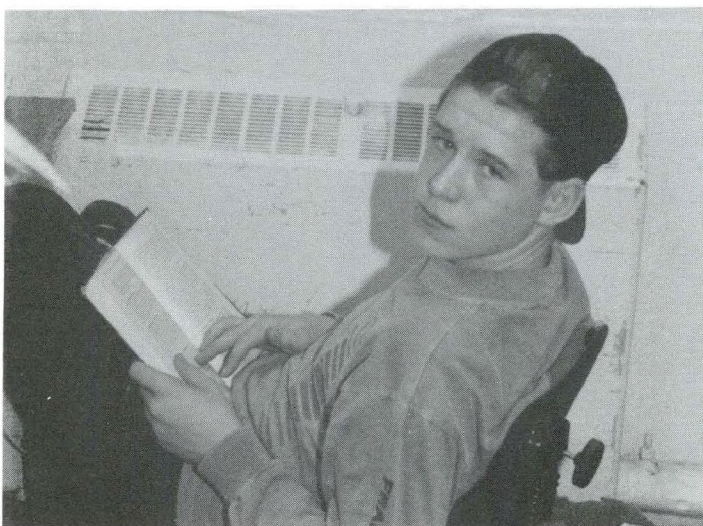

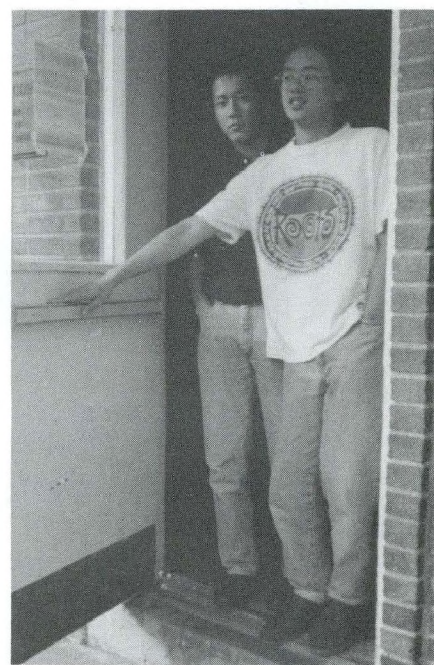

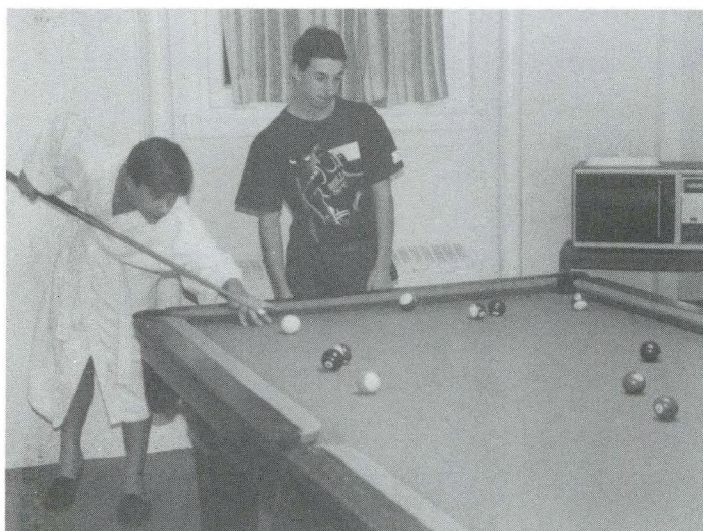

Blend until relatively smooth and serve into a dorm that is gorgeous to look at and voilà!

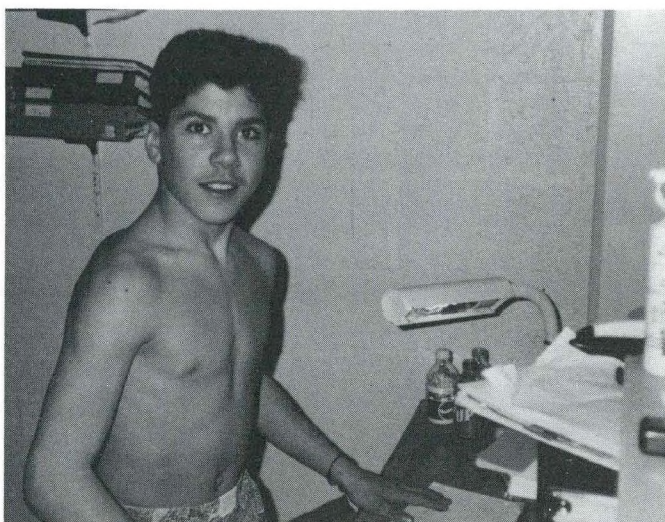

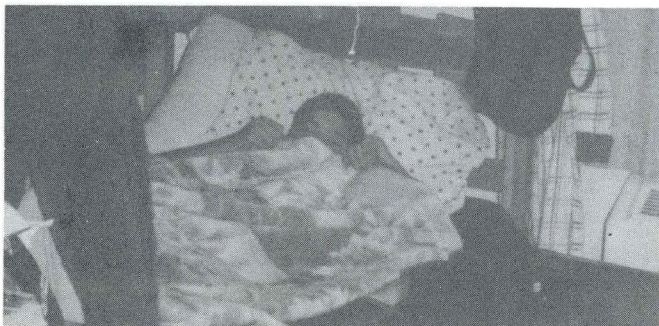

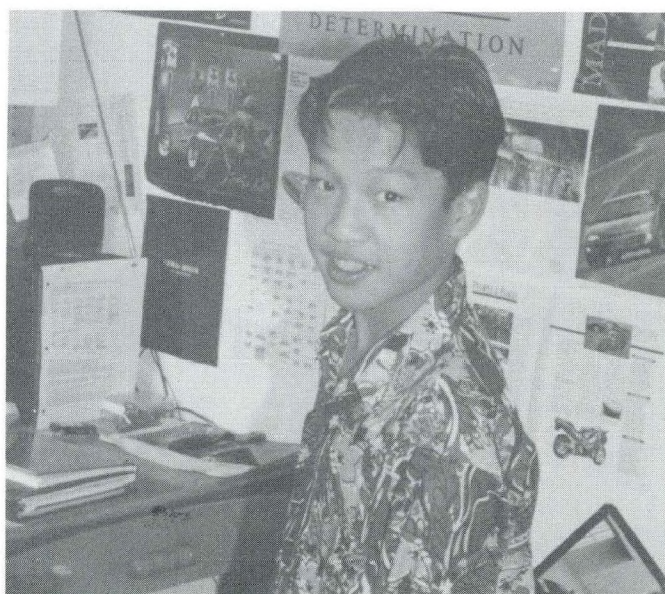

This year has been another one of growth for all of us in Webster. We'd like to thank the prefects for their hardwork and to wish good fortune to those heading out into the wider world.

It was a great pleasure to work with Mr. Norman Southward once again in Bugbee House this year. I am, however, sorry to say that this is the last year that we will be together as the duo in charge of Bugbee. Mr. Southward is remaining at the school, but leaving the job of Assistant House Director. The ongoing presence of the Southwards (Mr., Mrs., Kodi) in the house will be missed in the coming years, although Mr. Southward will remain attached to the house as a T.O.D.

The House Committee was very much involved and enthusiastic about the food sales. Sometimes we only managed to break even, or pay for the House Committee snack, but it was still, I believe, an enjoyable and learning experience for those involved.

Day students returned to Bugbee this year, to positive and negative ends. Some of them were a pleasure to have in the house. For others, however, it was nice to see them leave at the end of the day, as they treated Bugbee more like a recreation center than residence. The boarders, at least, had a little more room to spread out this year.

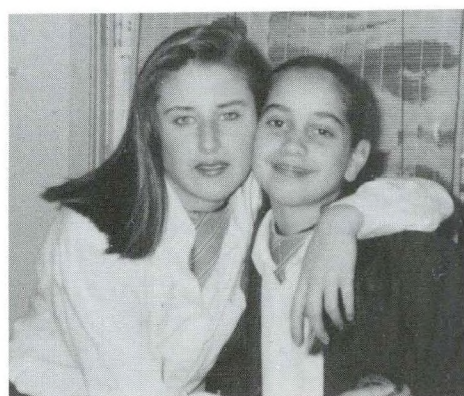

The prefects were solid in their role in the house. They could always be counted on to do a good duty. The overflow of senior boys in the school meant that we also had a handful of seniors living in Bugbee once again this year.

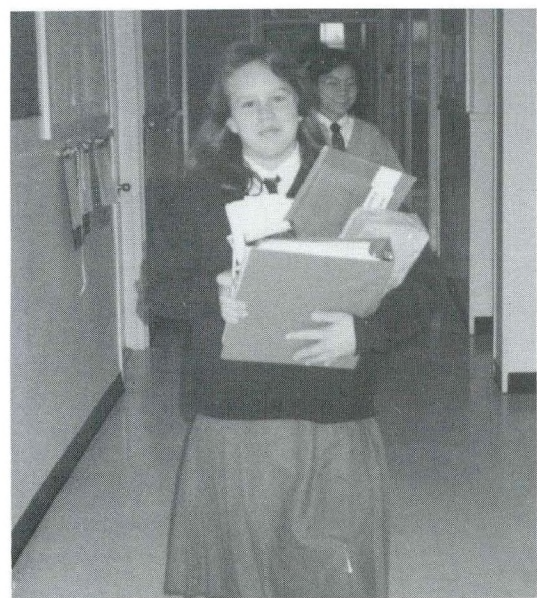

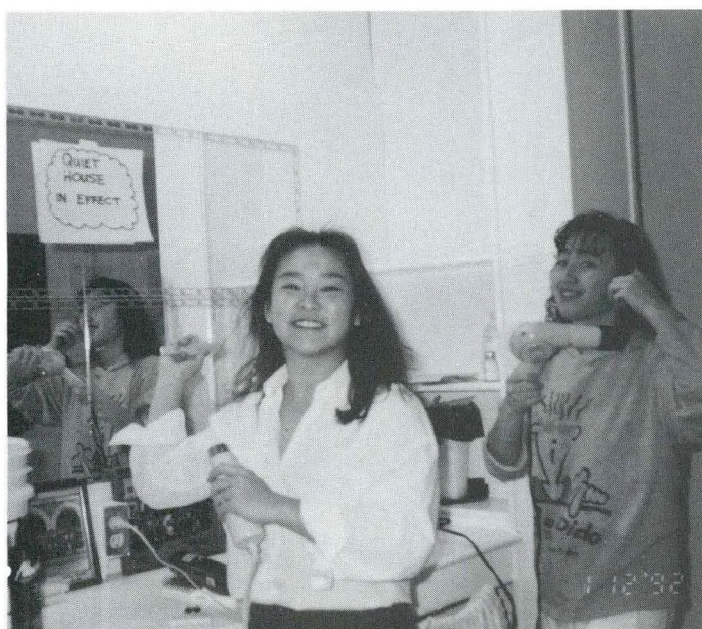

Good luck to the 9's and seniors moving on to Davis or to CEGEP/University, and thanks to all for a good year.

Last September, Colby House became a Junior Girls' Residence. The cheery yellow halls and comfortably refurbished lounge provide a home-like atmosphere for our girls during their leisure time.

Interestingly enough, hardly any room changes were requested throughout the entire year. The girls, on the whole, got along well together, right from the very start. The Head of House, Prefect M'Tasa Ector and Prefects Akiko Fujimoto, Julia Lee, Kristina Porter and Gillian Skelton are to be commended for their kind support and warm commitment toward the junior girls.

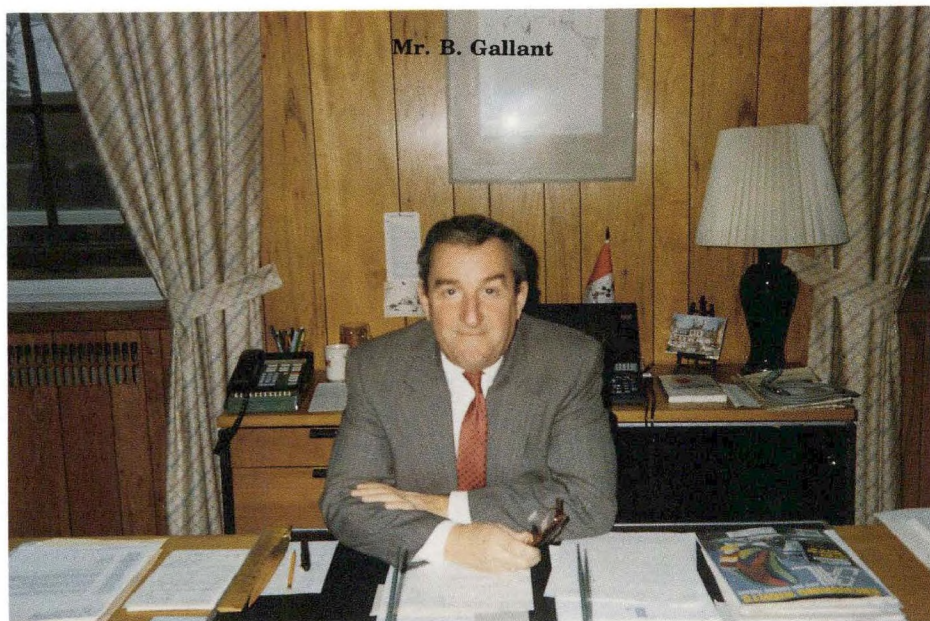

Among the House's most enjoyable times this year were the X-mas party and the many fun-filled food sales. The success of these events was due largely to the initiation of the House Director, Miss Julie Senior and to the T.O.D's, Mrs. Genève Channell, Miss Rachel Gallant and Mrs. Isabel Marcotte. Thank you all for a great year in Colby House.

EUROPEAN TOUR

Thanks to the support of Exotic Tours in Montreal and a lot of work by Mr. Andre Simard, the school was once again able to offer a trip over the March Break. And a great trip it was! The main itinerary took us to Amsterdam, Paris and Brussels but we also visited Rotterdam, Den Haag, Maastricht, Utrecht, Versailles, Caen, Rouen, Amiens and Brugges. A very interesting part of the journey took us to the Normandy beaches, the D-Day Museum at Arromanches, the Canadian War Cemetery at St. Beny-sur-Mer and to Vimy Ridge and the impressive Canadian War Memorial which dominates the skyline above the plains of Flanders.

We were initially apprehensive about flying Nationair with all their contractual problems but our flight to Brussels on March 21 was both on time and uneventful. Getting back to Montreal would be another story.

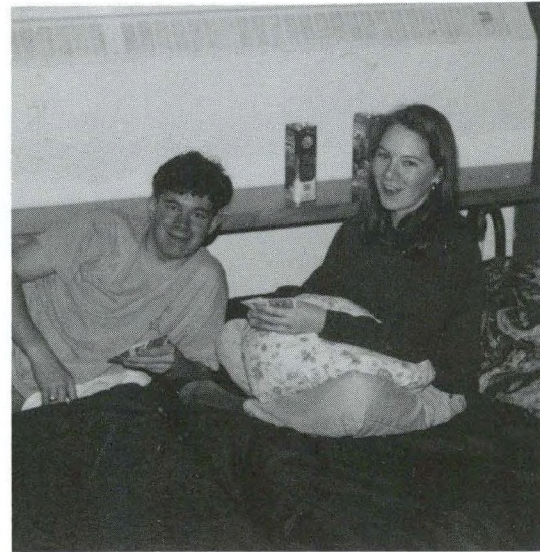

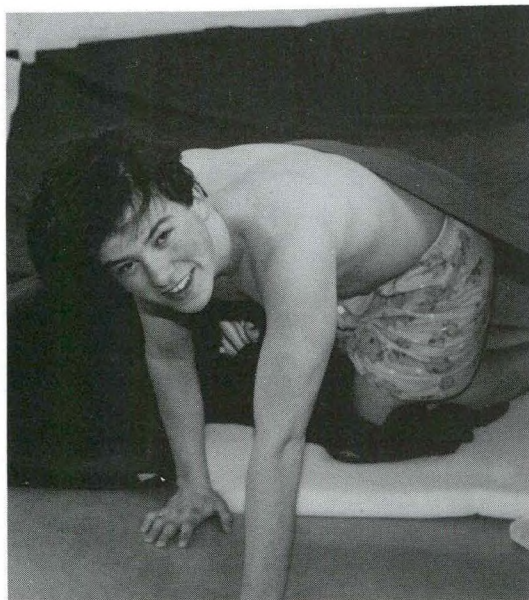

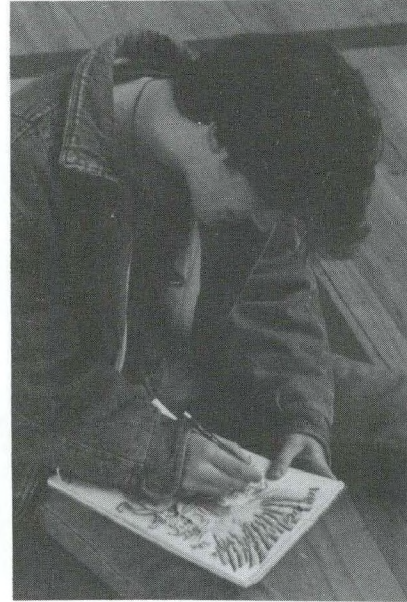

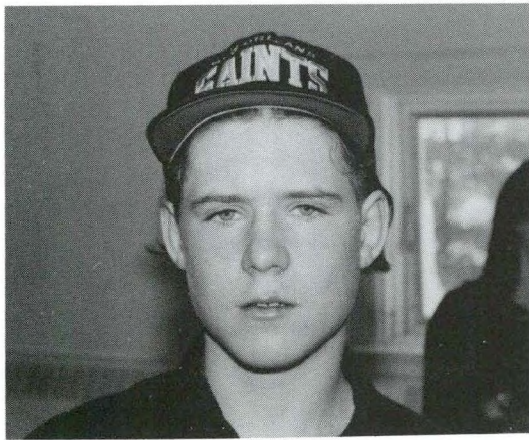

We left immediately from Brussels and spent much of the first day on the road to Amsterdam, the Venice of the North. Highlights of our 3 day stay in Amsterdam and Holland included seeing or visiting amongst many things the famous windmills and the system of canals and dykes, a diamond cutting factory, Anne Frank Haus and the Heineken Brewery. Paris was highlighted by touring her most famous sights both during the day and night in the City of Light, shopping and dining on the Champs Elysees and a visit to the magnificent palace at Versailles. We went from Paris to the medieval town of Brugges following a two day swing through northern France where we visited a castle believed to belong to William the Conqueror and saw many famous battle sites from both world wars. Our trip ended on March 31st following a 2 day visit to Brussels. Or so we thought.

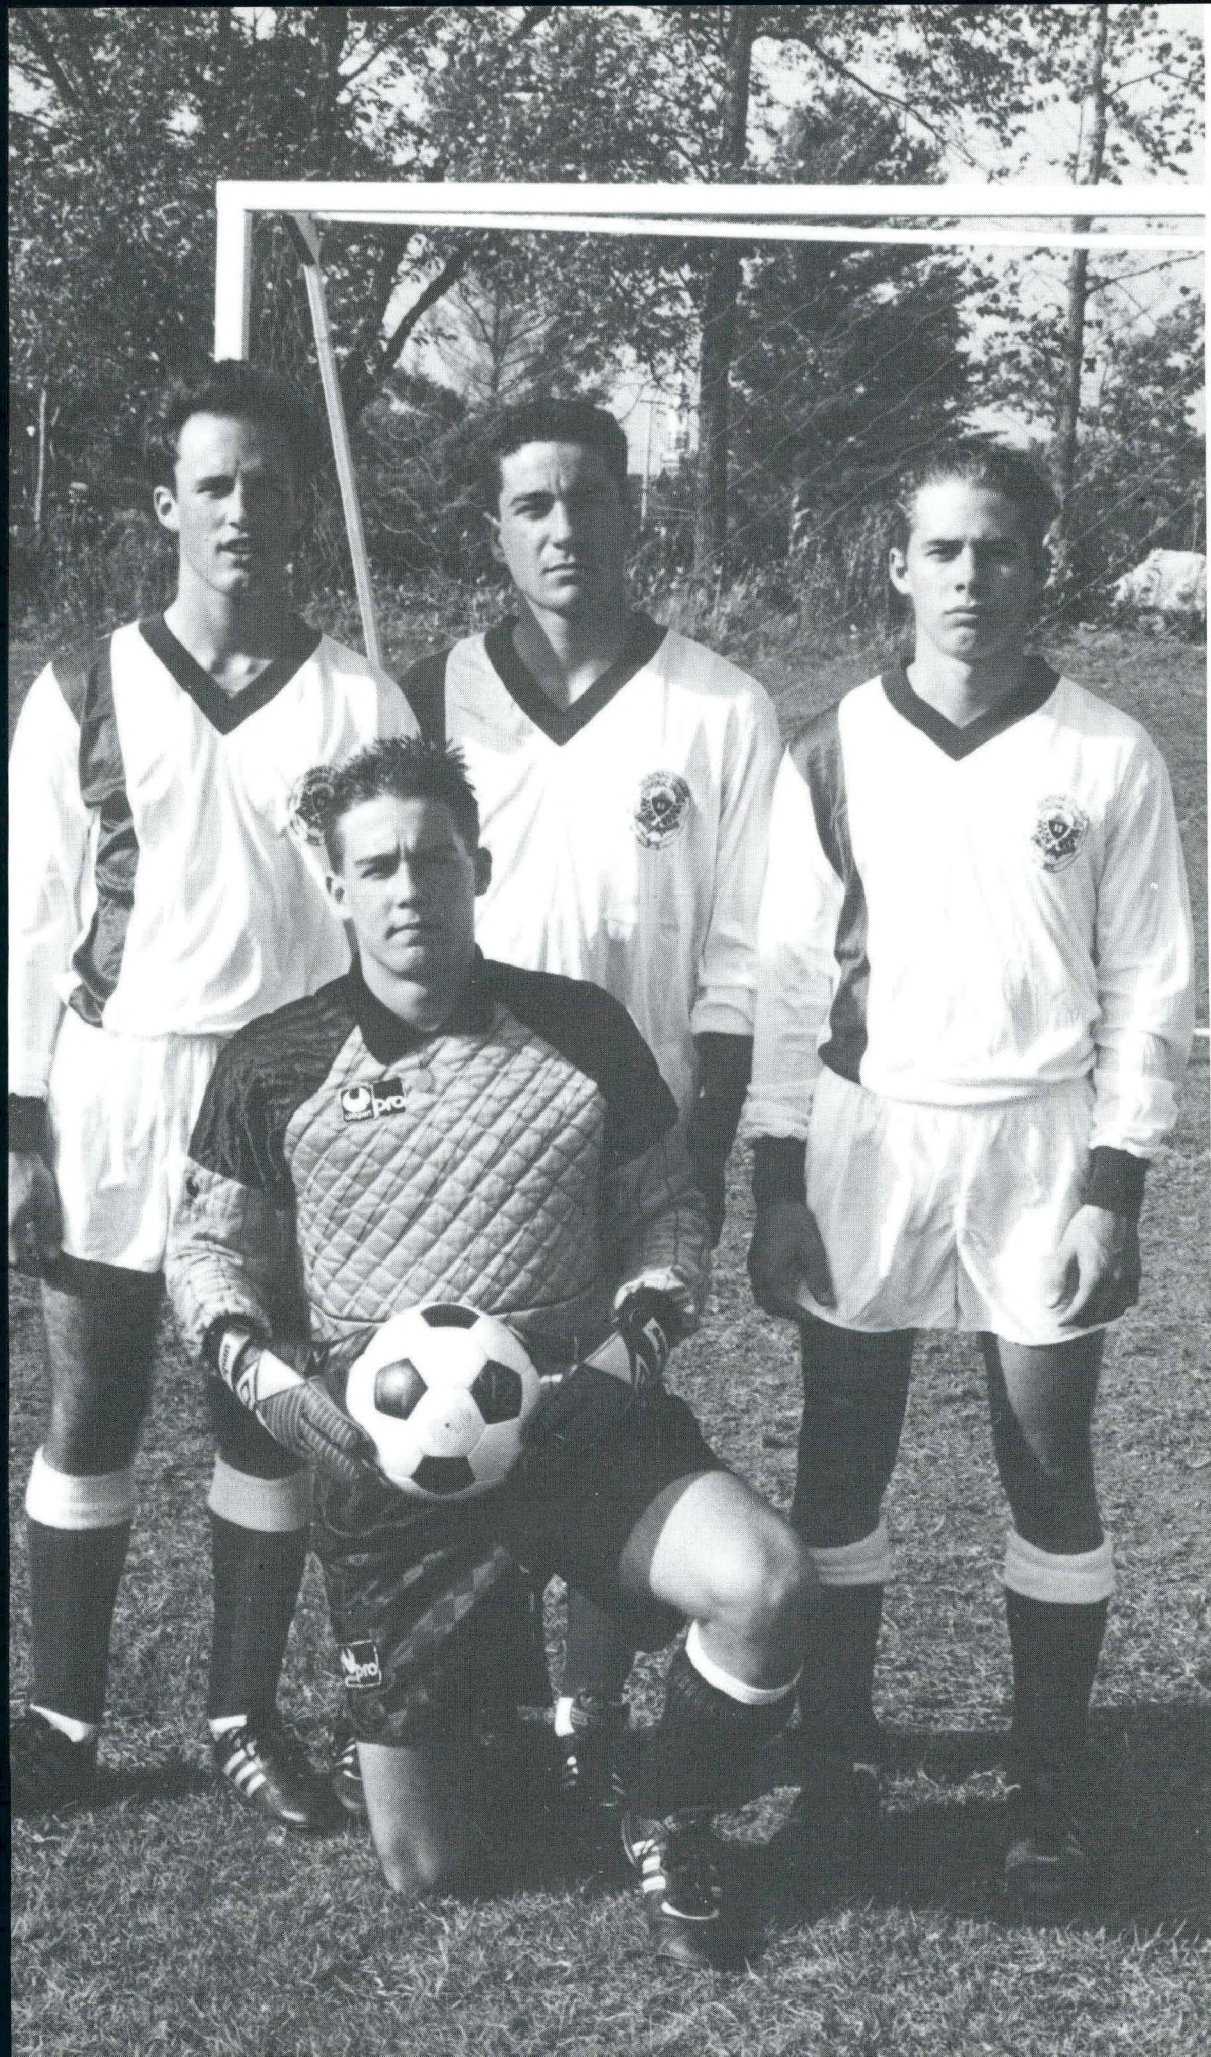

We arrived at the airport (April Fool's Day) and were told our flight was delayed until Friday and we would spend another day in Brussels. However, after contacting Canada we found that we would not be going home on Friday either. Or maybe ever . . . because Nationair had been grounded indefinitely. Alternate plans were arranged through British Airways. We flew Brussels-London (Gatwick), took a shuttle to Heathrow and a connecting flight to Mirabel. We ended up spending 2 extra days (and seeing an extra country) while abroad.

Some memories from the trip include Sakiko learning about frogs in Plumbing 101, the slogan for the trip became "Don't drink the water", we all learned the benefits of being timely vegetarians and Hammer turning his trip into a tour of the great culinary centres of Europe (Golden Arches).

SENIOR BOYS' SOCCER COACH:

Mr. A. Retchless

CAPTAINS:

Back Row: Mr. A. Retchless, F. Lauziere, L.P. Provost, J.S. Provost, A. Amaral, R. Mason, S. Telling, A. Lam, D. Skelton, A. O'Sullivan. **Front Row:** B. O'Sullivan, J. Au, F. Scalabrini, M. Lafleur, J. Fountain, A. Porres, T. Fujimoto, A. Xenos.

This year's senior boys soccer team came very close to winning the play-off championship. It came down to a last minute penalty shot goal by B.C.S.! What a heart breaker!

It is easy to use cliches and superlatives when talking about a good team but that type of rhetoric often rings hollow. To put it simply: This year's team was a good group of guys who could have played better on some days and worse on others. Everyone had fun and in general everyone worked hard for each other.

It would be unfair for me not to mention the contribution of Alvaro Porres, our all-star forward. Alvaro is a skillful and gifted soccer player. Other veterans, including Fred Scalabrini, Francois Lauziere, and Martin Lafleur added stability to an otherwise youthful team.

In the end the character shown by this team in that tough final loss made me a very proud coach. Thanks.

SENIOR GIRLS' SOCCER COACH:

Back Row: T. Quinzanos, I. Bosum, M. Morales, K. Layzell, M. Ector, S. Cheetham, G. Skelton, K. Denney, M. Stenger, A. Infilise, C. Stokes, Mr. R. Marino. **Front Row:** L. Lessard, S. Mutoh, A. Fujimoto, L. Crawford, B. Forward, C. Watson, K. Quinn, D. Thompson, L. Channell.

This was my first year coaching the Senior Girls' Soccer team and it turned out to be both a fun and a frustrating season. We had a well balanced team with lots of enthusiasm.

Our main difficulty this year was our lack of scoring goals. We had many opportunities to put the ball in the net but it seemed that the foot went crooked when ever it was time to score. We were very unlucky all year and never seemed to get the breaks.

We did make it to the playoffs and if we could have had one break during our game against Galt we probably would have upset them.

I would like to thank everyone for making this year so enjoyable. I would like to congratulate Kristen, Akiko and Gillian for receiving their Major 'S' and Simone, M'Tasa, Clare and Ann-Marie for receiving their Senior 'S'. To the players that are leaving thank you for representing the school so well and be sure to come back to visit. To the students coming back - see you next year.

Back Row: S. Chen, J. Simms, M. Trudeau, B. Lui, K. Kabbara, D. Bergeron, Z. Mahayni, C. Sanville. **Middle Row:** Mr. A. Elliot, P. Dillazaro, R. McTavish, J. Chen, F. Lee, O. Chang, G. Darville, M. As has been the case most often in recent years, the 1992 football Spartans opened pre-season training low on experience (with 11 out of our 24 players having never before played organized football) and high on enthusiasm.

In spite of all the hard work and perseverance, by season's end some seven weeks later our record stood at 1 win and 6 defeats. The team's lack of depth (10 players were required to play two ways) and experience, coupled with two very worthy league opponents in Alexander Galt and Bishop's College School, proved to be our undoing.

Season highlites included our three game series with B.C.S. Although we did not manage to win, the team clearly played its best football against Bishop's, with the ultimate outcome in each of the three games undecided until the final whistle.

The team was extremely fortunate to have a role model to look up to in the person of our team captain, Jaime Stenger. Jaime's composure, leadership and skill level, both in offense at quarterback as well as in the defensive secondary, were qualities which the team greatly benefited from.

The 1992 Spartans was comprised of 24 young men who worked hard learned some football and had fun doing it.

Coaches Elliot, Simard.

CROSS COUNTRY RUNNING COACH:

Mr. G. Kubanek

CAPTAIN:

V. Kasowski

M. Bergeron, E. Chu, R. Telling, E. Rocke, V. Kasowski, S. Roberts, S. Bolduc, R. Lu, K. Skarborn, Mr. G. Kubanek

This year our team was very small but was blessed with extra determination and some good talent as well. The runners began the year in quite a lot of pain, but lo and behold they got into shape and could run 4 to 6 Km without wincing.

That was when running became more fun and we went for long tours through the woods and even a 20Km bike ride when there were too many injuries one week (too bad it snowed!!). In the meets at BCS and Galt we got near the top, but the 'piece de resistance' was the ETIAC meet held here at Stanstead.

We were psyched. At the start our Bantam speedster Rosalind Telling just loped away at her normal and dependable rate; but to our joy and amazement arrived well ahead of the rest! Our first gold! At the end of the day the senior boys' race was a grueling 6 Km run and what did I see? Yes - Victor Kasowski leading by a few precious seconds! We were all delighted.

So, although GALT won all the team awards we all felt that we had improved dramatically and that if we could only get a few more runners out next year we stand a good chance at not only individual firsts but team gold as well.

Coach Kubanek

JUNIOR BOYS' SOCCER COACH:

Mr. G. Telling

CAPTAIN:

S. Skoryna

Back Row: M. Fujimoto, G. Goodsell, N. Kabbara, J. Rodi, R. Perez, B. McDonald, A. Perez, I. Montemayor, M. Sorenson, A. Bulbul, Z. Hussain, M. Greenspoon, Mr. G. Telling. **Front Row:** S. Lauziere, N. Couture, S. Skoryna, M. Parent, J. Chi, M. Atkin, P. Infilise, P. Kasowski, A. Normand.

Over the past years, the Soccer Program at Stanstead College has gone from strength to strength and the Junior Boys' Team was no exception to this trend. The 1992 season saw the largest turnout at this level for a decade and so many individuals displayed skill and enthusiasm that it was decided to keep the unprecedented number of twenty-three in the 'squad'. This had one great advantage in permitting full scrimmages during any practice session but was only feasible as long as many boys accepted that they would not always be starting players in league games. Through the maturity and patience of many team members, it was possible to retain all twenty-three, throughout the season and everyone played competitively at one time or another, especially in tournaments and exhibition games.

With this depth of skill, enthusiasm and maturity, the team was highly competitive. The final results for League play were - four wins, three losses and one draw. Even in defeat, goal margins were very tight and the team finished in second place in the E.T.I.A.C. Hopes for the play-offs were, once again, very high but these were dashed in the first round after a closely-fought match against Massey-Vanier.

The entire team was a great pleasure to coach and the Junior Boys have continued to make a significant contribution to the entire Soccer Program. Well done!

Coach G. Telling

JUNIOR GIRLS' SOCCER COACHES

Mrs. L. Moman

CAPTAIN:

S. Channell

Back Row: Mrs. L. Moman, K. Fujimoto, J. Beasse, K. Chagnon, A. O'Sullivan, M. Miranda, M. Aubut, D. Kumar, H. Li, R. Darling, J. Quinn. **Front Row:** S. Channell, C. Morin, E. Parker, P. Perez, J. Larocque, O. Palacios, A. Riegel, V. Parent, S. McDonald.

Miss Senior and I were very encouraged by the talent we observed at the beginning of the season. Each player had their own individual talents. The new girls all had some soccer background which complemented the experience gained by the team veterans.

The difficult part of the season was to successfully coordinate their individual talents. The beginning of the season was rough for the girls since they had not yet learned to play as a group.

As the season progressed the girls put in a tremendous effort and banded together as a team. This was evident during their last four games. The tables were turned and the girls dominated the games. Their opponents were more than a little surprised.

The girls together improved tremendously as a team. A few line changes also helped the team's later

success. Vélíka Parent performed well as a forward and Sarah Channell proved herself as a promising half-back and a great captain. Suzie McDonald and Mélanie Aubut will be great additions to the Senior Girls soccer team. Ruth Darling and Helen Li were the team's key defensive players. Our goalie Josée Larocque also showed a great deal of improvement in the later part of the season.

This year was a year of learning for the junior girls. They did a great job and we are very proud of the Junior Girls Soccer Team.

CAPTAIN:

V. Pagnelli

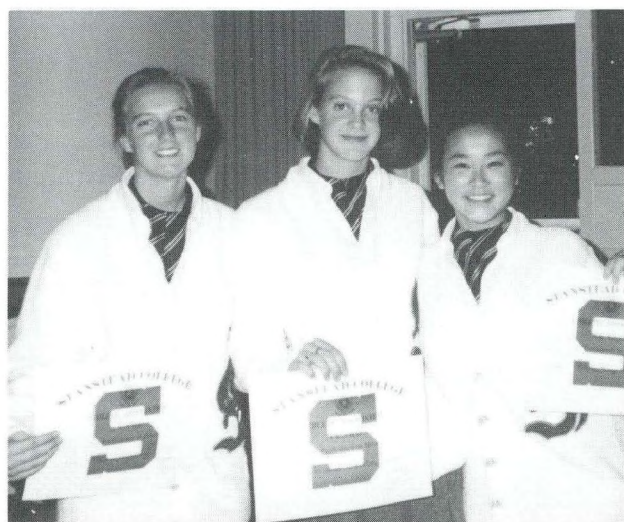

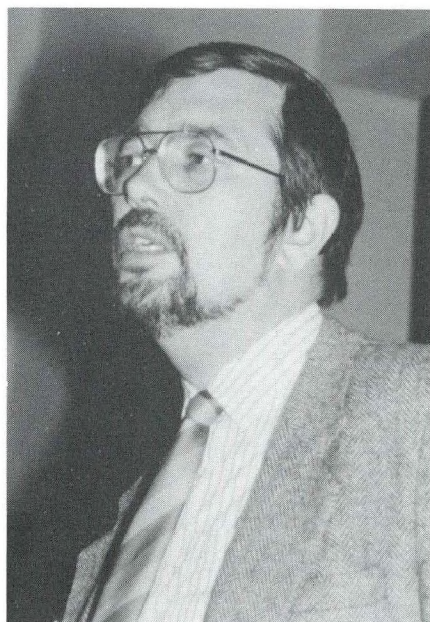

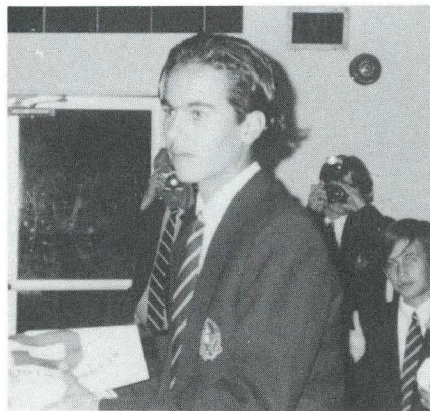

Back Row: Mr. N. Southward, W. Au, P. Atkin, M. Filteau, N. Vachon, N. Wilson, B. Goodsell, A. Petraki. **Front Row:** M. Subai, W. Kabbara, P. Huot, T. Phaneuf, M. Stevenson, R. Villarreal, V. Pagnelli.

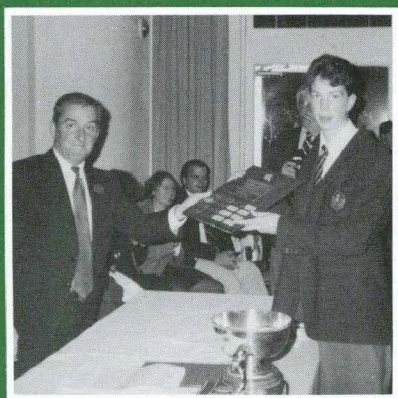

A young and inexperienced yet keen group of players formed this year's Bantam Soccer team. The team had difficulty coming up on the win side in league play, however showed determination and heart despite the losses. All players showed good improvements in skill and fitness throughout the season, and the numerous returning players make next year look promising. Bantam "S" winners included captain Vito Pagnelli, Matthew Stevenson and Marvin Filteau. The nets were minded by Thomas Phaneuf and Peter Atkin, both performing well under the tough conditions. Thanks to all players and player-manager Noah Vachon for their participation. I look forward to an improved record next season!

This year's Senior Boys team may not have been as good on paper as some previous teams, but it managed some impressive achievements nonetheless.

We once again set two goals for the season, this time to qualify for the Anderson-Bailly Tournament, and to make the ETIAC playoffs. We didn't qualify for the A-B, but were invited as a replacement team. We did, however, manage to reach the Championship final of the A-B, losing to a strong Selwyn House team. By doing this, we also qualified for the Visser Tournament, the QASA Championships. At the Visser, we made it to the Consolation Final and lost to Centennial Regional.

Over the course of the season, we also won our own SC Invitational Tournament for the first time in its four year history. At the BCS Tournament, we lost in the Consolation final. We managed a 2-6 record in ETIAC league play and made the playoffs, losing to a strong Alexander Galt team in the semi-finals. Our overall record was 11-15. Included in the list of teams that we beat this season were: BCS, Richmond, MVR, LCC, WIC, HS Billings, QHS . . . an impressive list.

With a few exceptions, we had a close knit group. We were a team that depended to a large degree on the starting five. This put a lot of pressure on them, and made it a long season for the reserves, many of whom saw limited floor time. I appreciate their commitment and continual good nature. (e.g. "1 second Artur" on Jeff's "season ending 3 pointer that wasn't").

I was proud to be associated with this group, and they too can take pride in the fact that they represented the school well both on and off the court.

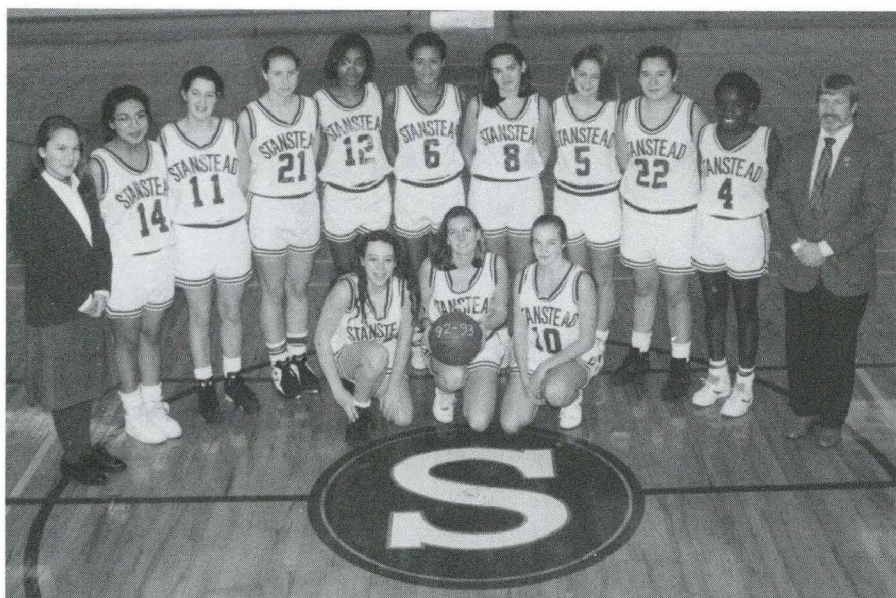

Thanks as well to JJ Darville and Nadeem Afzal, both of whom maintained a high level of commitment to the program in the often thankless job of manager {in Nadeem's case, manager, player (alumni), coach (down the sideline), counter of players and uniforms, etc, etc.}.

Once again I was fortunate enough to coach the senior girls' basketball team. Although it is a long season, it is always a very enjoyable one for me. The girls work very hard and seriously at their game to compete in a strong ETIAC league.

This year's highlight of the season was the BCS tournament where Stanstead played three strong games, winning two and losing the third by two points. This loss was to the eventual winners of the tournament.

Congratulations to our Major "S" and Senior "S" recipients and especially to Kristen Denney who received the Bess Ferguson Trophy as the team's MVP. I would like to take this time to express my best wishes for the future to all the graduating players and I hope to see you at alumni events in the years to come.

This year's swim team, lead by captain Linda Crawford, had a very challenging, yet successful season. We enjoyed the presence of new faces to our team this season and recognized improvements made by our returning swimmers. The combination of old and new talented and committed swimmers lead the Stanstead team to a second place finish overall in the Sherbrooke league. We are also extremely proud of the Bantam girls and Juvenile boys who finished first in their respective categories in the Sherbrooke league. Our region was also represented by Noemie Johnson, Velika Parent, and Emma Rocke on April 3rd and 4th at the Provincials.

Highlights of our season included a luxurious video bus to one of our meets in Montreal, and the meet in Sherbrooke when two of our swimmers forgot to count lengths and ended an eight length race after six lengths. They were even given a second chance to swim the race again, this time, however, they swam the race correctly.

Congratulations to Linda Crawford and Jensen Au for their trophies recognizing sportsmanship, leadership and all round excellence.

Thanks to everyone for a super season.

Before Christmas the team - all 43 of us - enjoyed doing weights in the local gym, running and playing soccer; one day with a tennis ball in the snow. Finally in the new year we had lots of snow and half of the team learned skating and traditional techniques from the other half. We had lots of falls and snow fights and had a few students lost in the woods.

Most importantly we had some fun competitions; including Craftsbury, Bishops and the ETIAC finals in Sedber where the team placed second. Three students also participated in the Ottawa Ski Marathon under beautiful blue skies and perfect powdery snow. Maxime Parent completed six sections and earned a gold medal. Next year we hope to take a busload of students to this exciting weekend event.

When the season ended all the students had learned a lot and were able to participate in our own relay team competition - realizing that winter is not so bad after all. Congratulations to Maxime Parent who was awarded the Eric Ed Trophy.

This year's team did not have a winning record but it did have a great amount of spirit. The season was unique in two ways: Kirsten Layzell became the first girl to play on the Senior boys hockey team and the team won its own invitational tournament.

A small school with an international student body limits the number of potential hockey players to draw from. Yet those who did play showed dedication and good sportsmanship. Losing isn't easy on the psych!

I would like to thank Sam in nets. He was a wall back there. I would also like to thank Fred, Tony and David for their leadership. I look forward to next year.

This year's squash team was a great delight to coach. I was able to watch each player grow in performance, sportsmanship and skill. Both veterans and new members went to the very limit of their abilities in some very exciting matches against Bishops College, Selwyn House and Trinity College. I was particularly impressed this year by the team's display of gentlemanliness and patience.

Numerous tournaments were played this season creating a stimulating variety of situations for our players. There were significant trophies won by Michael Atkin in the junior division at Bishops College and Johnny Wong at the "Invitational" Open in Montreal. I would also like to thank our captain Danny Yeh for leading by example. He is a superb and highly respected player. All in all this was an exceptional year and I am looking forward to many seasons ahead. Congratulations to all players!

This year I had the pleasure of working with a group of ten very mature and competitive young ladies.

Although only half the team were veterans, the newcomers worked very hard to improve their skills and move their way up the squash ladder.

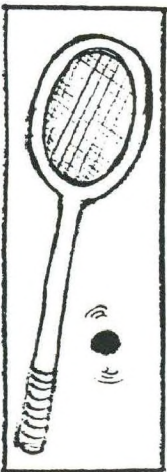

This year the girls participated in a quite a few tournaments. They competed against BCS in four tournaments and improved steadily. They also competed against a variety of competitors from the Eastern Townships area during the Champlain College Tournament and the Eastern Townships Open.

I was most pleased with the girls' positive attitudes on and off the courts during games and practices.

I want to thank the girls for a great winter term. We had quite the CULTURE CLUB which made our work together even more interesting. I look forward to working with the returning students again next year and to those graduating and moving on I wish them the best of luck in all their endeavours.

A special congratulations to Sakiko Muto for earning a Major "S" as well as receiving the Katsi Goodleaf Trophy for all around excellence in the sport of squash.

The edition of the Junior Boys' Basketball this year was a fresh one as all but one person were new to the team. We had some talent, but to succeed we needed to have a team effort for every second of the game. During the season we had a glimpse of this but it was not to be. Too much individuality on the team made it difficult for us to succeed. However, all of this is a stepping block in learning team play. Our highlight of the year was the L.C.C. Tournament where we had two exciting games, one we lost in over-time and the other we won against L.C.C. on the last shoot of the game - a three pointer by Jonathan. It was a long season but we enjoyed ourselves. Congratulations to Miguel who earned the only Jr. "S" awarded.

This season has been a learning experience for both the team and myself. First of all we had to learn to work together as a harmonious group. This was easily accomplished as the girls were very supportive, eager to learn, and enthusiastic to play.

Our first game was a success. The final score was 44-5 in our favor. We were all hoping that this would be the way the season would progress. Unfortunately, this was not the case.

What impressed me the most about the team was that they never gave up no matter how grim the situation looked. The team spirit could be felt both on and off the court. Words of encouragement could be heard from the young ladies. The team never got discouraged, they all gave 100% in both effort and positive attitude. We may have lost more games than we won, but the ladies held their heads high, never complained, and complimented each other on a battle well-fought.

One thing I remember most is hearing laughter throughout the season. I'm a believer in teamwork and in this case there was no lack of that. The ladies worked very hard and had fun as a unified group. Many times I caught myself laughing right along with them as we went through our paces. In the long run, this made my job easier as a coach because I never had to worry about low morale - the team never displayed this (nor would they allow it!). All I witnessed from the sidelines was a team working together, helping each other, and enjoying the game of basketball.

I will look back on my first year of coaching the Junior Girls' basketball team with fond memories. I thank the young ladies for all that they have done for me, but mostly, all that they have done for the team. Ladies, in my opinion, you are all winners.

Coach Wadleigh.

The second year of the Bantam Boys program saw another mixed group brought together to form a team. There was a total of 10 boys who started with the program. After one left the school in January, and others were sick/confined/etc., we often played games with only six or seven players. The skill level of the team was not outstanding, but it did grow over the course of the season. We had a number of overage Bantams, but were given special permission to play in the ETIAC Bantam Boys League. Our ETIAC record was 1-7 and we were eliminated from advancing to the playoffs.

Thanks of the boys and myself must go to Stephen Telling who helped coaching the team. This meant double travel from both he and I and the effort was appreciated.

Congratulations to award winners . . .

Bantam 'S': Jeffrey Schouela, Martin Trudeau, and Rene Villarreal I hope that the whole team realized the principle that there is much more to playing a team sport than who scores the most baskets or the best looking baskets. Effort and attitude must be concerted and consistent.

The Junior Hockey program had one of its most successful and enjoyable seasons in recent memory. With a mixture of ages, talent and experience we were able to put together a 7 and 8 season with most games being lost or won by a goal or two. The skill improvement from November until March was remarkable, especially with some of the younger players.

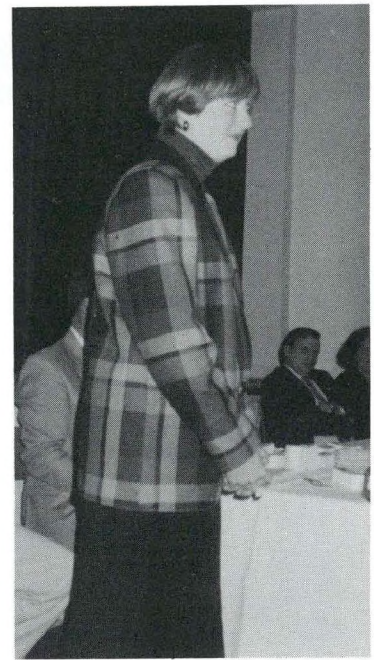

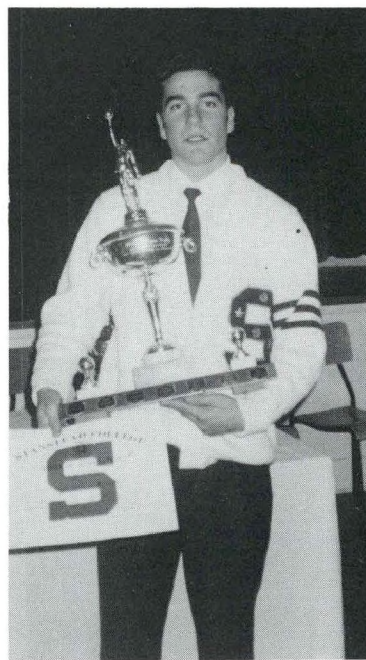

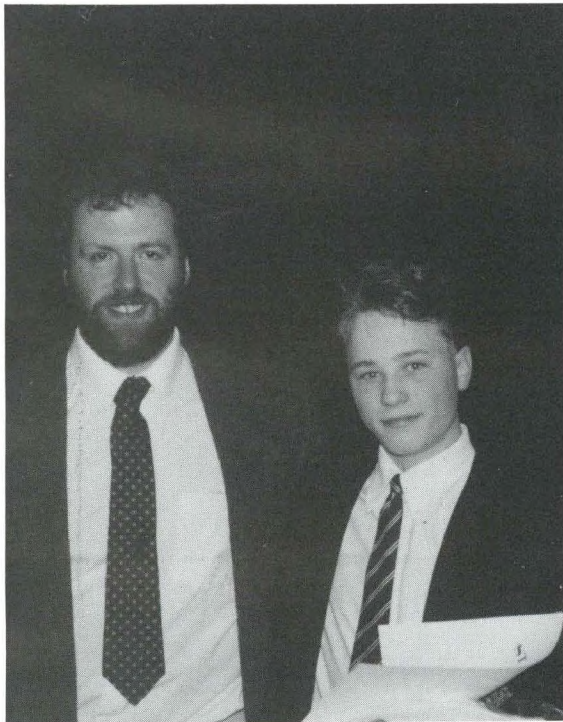

I felt very fortunate in having such veterans as Stefan Bolduc, George Goodsell, Philip Infilise, Peter Kasowski and James Chi who have been with the program for three years. Their contribution to the team over the years, especially in helping the younger players has been most gratifying to me as a coach. Alex Petraki, our rookie goal tender shared the net minding responsibilities at the beginning of the season, but ended up being our starting and only goaltender for the balance of the schedule. He improved greatly.

Our scoring punch came from two young fellows, Matthew Stevenson and Vito Pagnelli who had incredible chemistry between them and showed great unselfishness in complimenting each others talents. My sincere thanks to the journeyman players who may not have seen as much action as others, but without whom a junior program would not have been possible. A very sincere thank you.

In recent years the track & field programme has generally carried anywhere from 25-30 students and the 1993 edition was no exception. However there were some noticeable differences with this team. First of all the team makeup had a very uneven distribution which made it difficult to enter many events either individually or as a team. For example we had 6 bantam girls but 0 bantam boys; in the midget class we had 11 competitors but 8 were girls and with only 3 boys we couldn't qualify for a relay race. The shortage in numbers can also have an effect on the overall performances of individuals who enter many events rather than concentrating on just the ones in which they are particularly competitive. The other major difference was in the area of talent where, while we did have a number of good results, the team did not have any truly outstanding or dominant track and field athletes. Nevertheless the students gave a good account of themselves and were excellent representatives for the school. For the most part I feel that the students enjoyed the track season and the camaraderie and competitiveness that goes with it. Due to the individual nature of the sport the students worked to improve their personal best times and distances and were generally satisfied with their results as the season progressed.

As usual the coaching staff enjoy both the season and working with the students and this year was certainly no exception. On behalf of Coach Channell and Coach Philip I would like to thank the team for a fun and relaxed track season and extend our congratulations to all trophy and awards winners.

Good luck in the future to all members of the track & field team who will not be returning to Stanstead next year.

It has been a great pleasure to work with this year's girls' tennis team. They had an extremely successful season with very wide margin wins and were excellent examples of good sportsmanship on and off the court.

Sadly, we lose Sakiko, who for 3 years has been our backbone. We all wish her well at University and thank her for her constant support and encouragement. As well, a fond good-bye to the other members of our team who contributed to making this a particularly good season. Remember: "Zoot!!!"

Coach Campbell

I would like to congratulate all the players this season for their exceptional effort in Tennis. Each student on the team displayed a fine sportsmanship and integrity under virtually every kind of situation. There were some outstanding matches against B.C.S., Selwyn House and Massey Vanier. Our junior players were eager to learn about the game and exhibited an incredible potential for future years. There are two Major "S's" that I would like to present to V.J. Bala and Philip Manning for their outstanding dedication to the game of Tennis and their leadership abilities. A Senior "S" will go to Danny Yeh and the Junior "S" to Rene Villareal for their notable contributions this year. Good luck to all Players.

This year's rugby team was a mixture of veterans and rookies which boded well for a great team. Everything started very well with the RCS Netherwood tournament held during early May in New Brunswick. We won three games, tied one and lost in the championship game in triple overtime. The trip was excellent in every aspect and I would like to tell everyone how proud I was the way they represented our school. They showed a lot of class.

The trip was hard to beat which could explain our rough season in the GMAA. We seemed to lack motivation or concentration. We were 0-4 in the league but the games were close. Not having Alvaro and Francois in league games put us at a disadvantage.

Finally we played BCS for the McEwans Cup which we had won last year. BCS got the breaks and proceeded to beat us in a very tight game. The intensity was great. I hope we can learn as a team to have the same intensity for every game. I would like to congratulate Frank Lee, Sam Skoryna and Zaid Mahayni for their "Senior S" and I would also like to congratulate Rob Mason and Alvaro Porres for their "Major S". Thank you to everyone who played and did not play often for your dedication and hard work. You have made the rugby program even stronger. I would also like to thank Mr. Simard for all his greatly appreciated help.

Obviously the most noteworthy aspect of this programme, this year, is the fact that it is a 'first' at the College and part of a new but rapidly-growing trend in the Province.

The most impressive aspect, from the coaches' perspective, has been the enthusiasm and dedication of the girls involved. There was a great deal of initial interest at the beginning of the Spring sports season and, after the tryouts, the team settled into a corps of twenty members, including our excellent manager. Each of the players was very keen, attentive and carried out the drills thoroughly. Despite the fact that all were new to the game, the girls picked up its rules and skills quickly so that they were soon ready to compete with other teams.

Unfortunately, it proved quite difficult to arrange many matches and only one was played as originally scheduled. This was against Beaconsfield High School which Stanstead won convincingly by a score of 20 to 0. An excellent season opener! Then came an interesting trip to Pierrefonds, with Youpie as the bus driver, where the girls played a very evenly-matched game that saw some excellent rugby but ended in a scoreless tie. Finally, in the second game against the Ducks (who were anything but cute and cuddly) the team limped away from a very one-sided game both in terms of the score and the number of hospital visits.

All in all, the season was a tremendous learning experience and a lot of fun for all concerned. Thanks to all the girls and staff who made this a viable new programme at Stanstead.

This year Stanstead's junior rugby program attracted the interest of twenty-two (22) players, and was a mix of bantam and junior aged players. The team continued to compete on an exhibition basis mainly against teams from the Montreal league, BCS and in one tournament. Although losses were outweighed by wins, the team played hard rugby against more experienced and full junior-aged sides. Junior aged players from both the junior and senior teams rallied together to capture the BCS 7's Tournament title, winning the final against Selwyn House. Junior "S" recipients included captain Billy McDonald, James Chi, Zeeshan Hussain and Nathan Couture for their consistent and outstanding play. Thanks to the captain, manager Bruce Mulholland, and all the players for their involvement, you showed great progress over the course of the season, I look forward to your return to the program next season.

SPECTRUM

This has been a very enjoyable year for me as the Spectrum adviser: Without the cheerful help of Mr. Duncan it was a much more active year and I still don't know if everything has been properly proof read but I think we have adapted well to the challenge. I would like to thank David Skelton, our Editor-in-Chief for all his extra efforts in getting the '93 edition to meet our high standards.

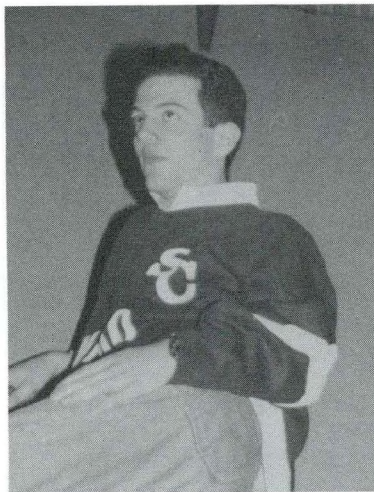

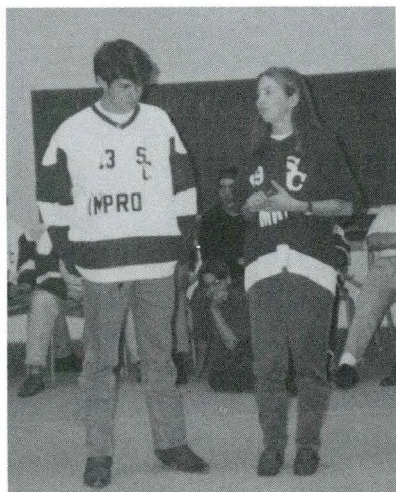

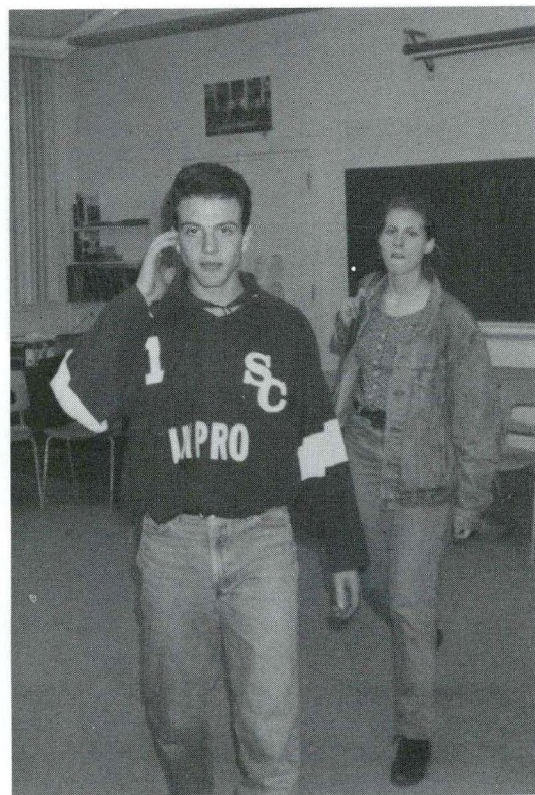

To the Editors, all the artists and layout people and the photographers I owe a debt of gratitude for all the hours spent in putting a 204 page book together. I also want to thank Mr. Gallant, our Headmaster, for all his support and for realizing that to have a good book you have to take many pictures and you also have to keep up with the fast changing world of yearbook publishing.

A special thanks to the small crew of three under the able guidance of Miguel Sorensen who worked all year without sending one page to our publisher. They started the ball rolling to computerize the publication of at least a part of our book. For those of us who realize what a long job it is to become computer literate person we understand how frustrating and boring it can be. However, our goal is to have one hundred pages done on the computer for the '94 book and we will go onwards and upwards from there.

Thanks everyone for a great year. To those who are leaving we all wish you the best of luck. To those who are returning I look forward to working with-you once again to produce the first SPECTRUM that will be done partially on the computer.

L'IMPROVISATION

C'était la cinquième saison d'activités pour le club d'improvisation qui fait partie de la L.I.D.E.A. (Ligue d'improvisation des écoles anglophones)

Cette ligue, qui a été formée dans le but de promouvoir la culture et la langue française dans une atmosphère de détente, compte maintenant sept écoles: Lower Canada College, Selwyn House, Stanstead, Trafalgar, Villa Maria et pour la première fois, Queen of Angels et Sacred Heart.

Les dix-huit membres du club se rencontraient tous les jeudis, en soirée, et improvisaient sur des thèmes populaires.

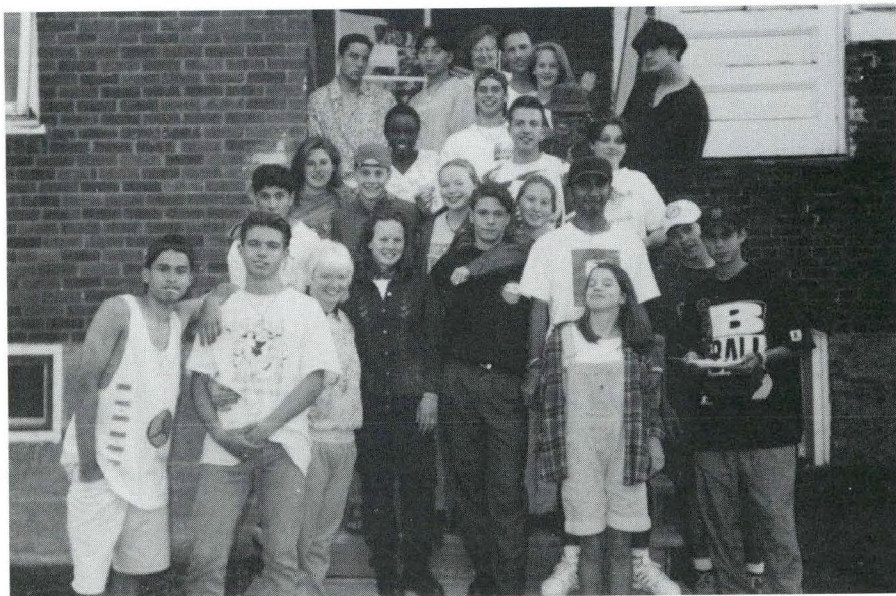

Au cours de l'année, notre équipe a joué contre celles de toutes les écoles de la ligue, sauf celle de Villa Maria. Elle a remporté deux matchs sur trois. Lors du tournoi final à Villa Maria le 22 avril, Stanstead a terminé en troisième place.

Je tiens à remercier nos capitaines, Daniel Béasse et Jason Rodi pour leur précieuse collaboration ainsi que Madame Marcotte pour son aide indispensable lors des matchs. Merci aussi à tous les participants et participantes!

DEBATING AND PUBLIC SPEAKING

The Debating/Public Speaking Club kept busy with a number of activities. The club hosted debaters from BCS in November for three rounds of debates. The competition gave many students their first debating experience.

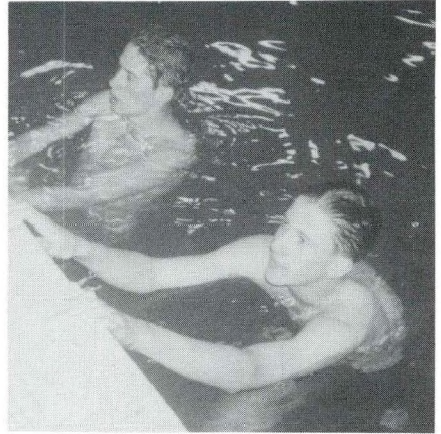

In February, Secondary IV and V students competed against each other for eligibility for the QAIS Senior Public Speaking Competition held at ECS in Montreal. Victor Kasowski represented Stanstead speaking on "Violence in the Media" and was amongst a wide range of high quality speakers.

Two Grade 12 students, Nadeem Afzal and Eric Chu, participated in the World Affairs Conference in Toronto. The Conference Topic was "The Gender Challenge: A New Hope for Women and Men" and opened up a variety of interesting dialogue on gender issues. The spring schedule consisted of an in-school Public Speaking Contest as well as several internal club debates. Thanks to all members for their involvement!

The River Revellers

Stars Shone in the mist of the night.
Moon stood silently by the stars.
Clouds cluttered around the crest.
Hills rose to the highest peak.
River ran swiftly to and fro.
Wind whistled through the air.
Trees towered to the tips,
Branches shadowing the bridges.
Dry leaves covered like the desert.
The brown ground stepped on without sight.
Shapeless shadows formed in silhouettes.
Echoes rallied through the emptiness.
Waves washing against the rocks.
Ripples formed at each rock.
Dampness deepened with each foot.
The deep river sparkled like diamonds,
As the stars reflected of the river.
Broken branches bloodying the legs as they passed.
Finally they reached the broad bridge.
There they sat under the starry sky.
Letting the breeze brush by them.
The stick struck into a shiny flame.
The bottles popped into each belly.
Chitter-chatter broke the silence.
Then the river stopped rippling.
The moon stopped shimmering.
Stars shone away.
The clouds clashed.
The sky spoke.
Never again were the river revellers to return.

WHAT IS IT

I dread the day that I will perish
Though I may meet Lucifer himself
Or I may encounter God
The creator of my life

I fear that I may not succeed
Or complete my dreams
Therefore I shall stay well
For there is ample in what I am able to do.

THE END

It's about time the world ends
Because we are all tired
Of that land
That is used or burned

It's about time the world is set on fire
In our shame, no respect, no matter what,
Things can't stay the same

It's about time the world ends
Not in shame
Not in war or violent combats
But only in peace will it reign

A Woman

A woman is measured by the things she cannot control. She is measured by the way her body curves or doesn't curve, by where she is flat or straight or round. She is measured by 36-24-36 inches and ages and numbers: by all the outside things that don't ever add to who she really is inside.

And so if a woman should be measured let her be measured by all the qualities and difficulties that she can control. Let her be measured by who she is or how she is trying to become.

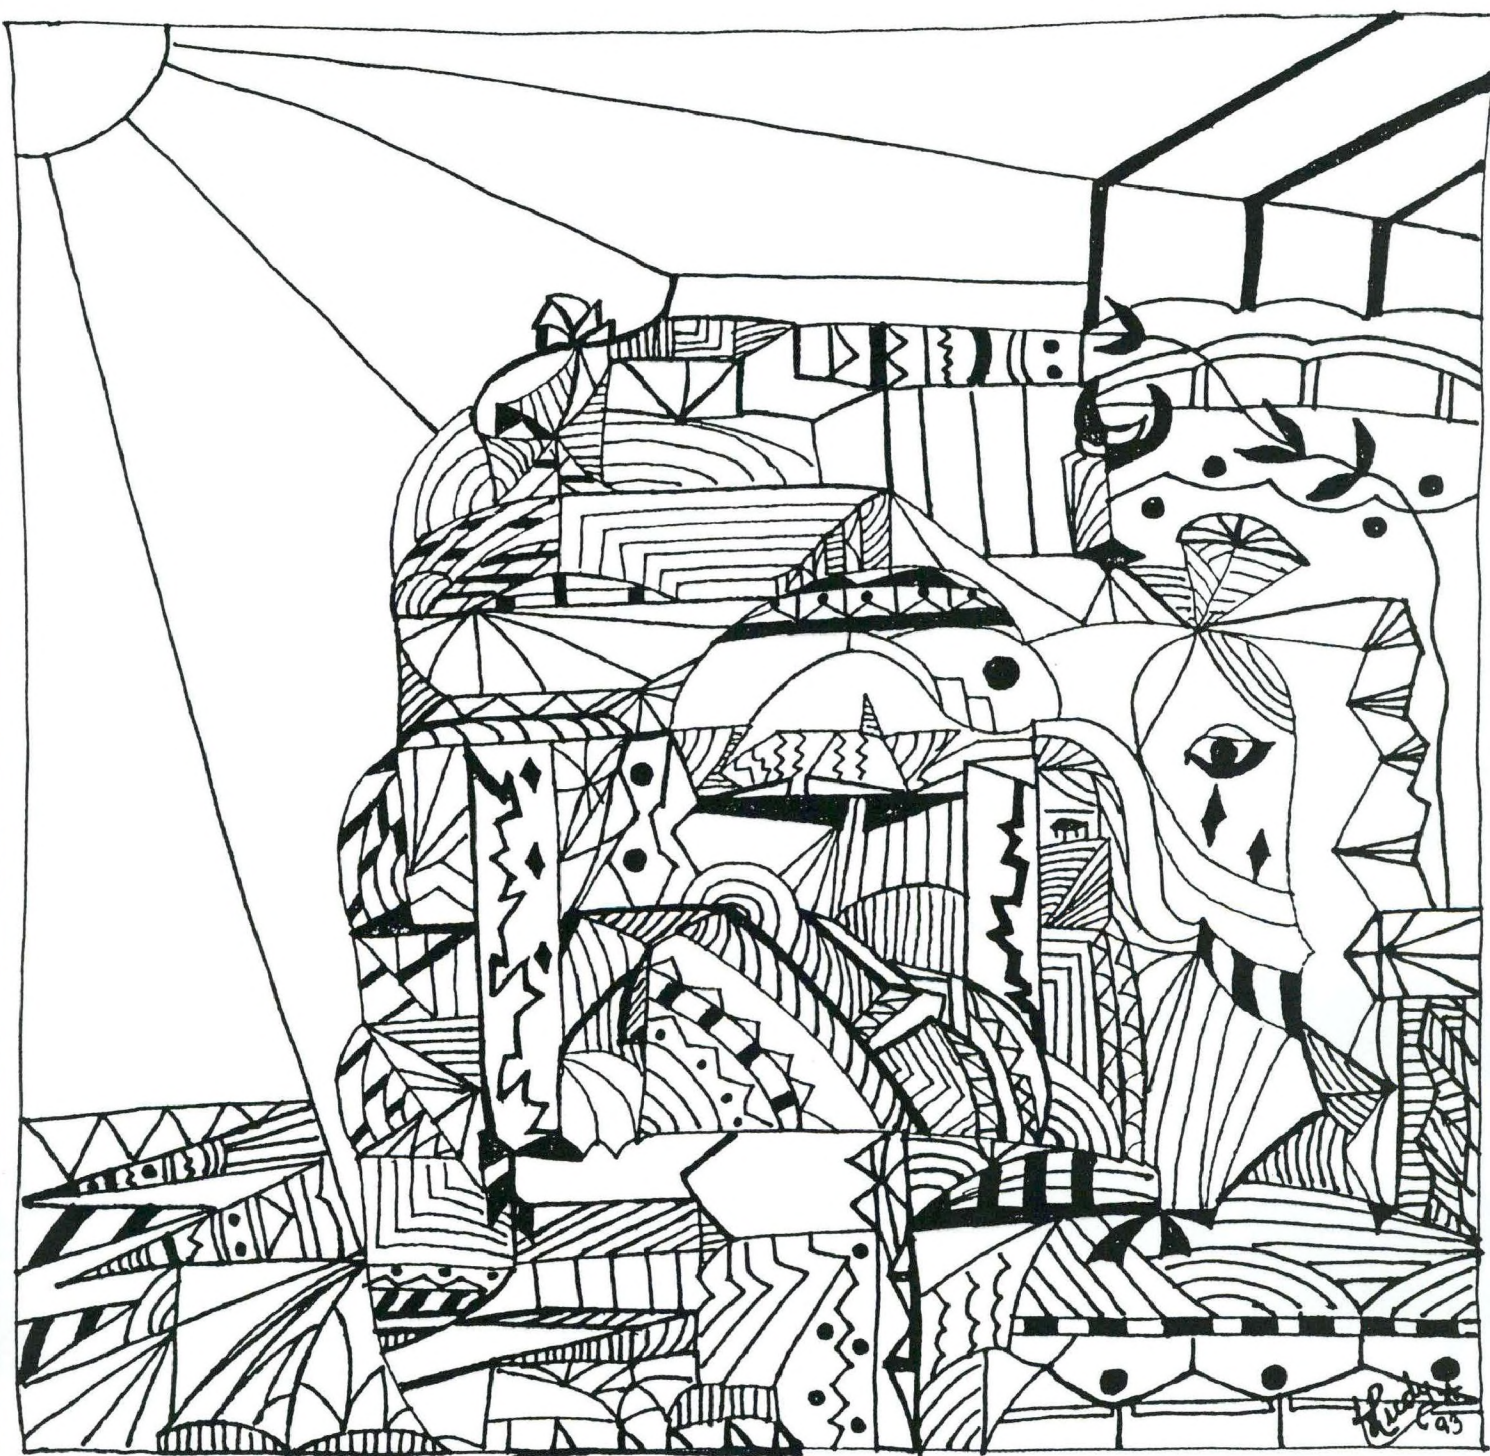

The main thing women do know is that measurements are statistics;
and statistics lie . . .

REMEMBER

When our eyes met for the first time
my heart was yours and yours was mine
When I asked your hands in the park
you kissed my lips in the dark
When we danced together cheek to cheek
we finally got the love we seek
When your heart bent on mine
the whole world seemed too shine
you charmed me with your beauty so fine
When your soft voice lulled me to sleep
I declared to you that my love was deep
When we lived together side by side
and there was no more secrets left to hide
When I couldn't stand to be away from you
you were always with me whatever I do
When our eyes forgot the meaning of tears
and our souls said adieu to all our fears
When we were called husband and wife
and there began a long, happy life
When our first child finally came to earth
and the birds sang celebrating his birth
Come, sit with me on the beach and remember
when I told you that love could last forever

MON PAYS

C'est un paradis de coeur's satinés
C'est un pays où l'amour a toujours régné
Une famille prête à recevoir un nouveau membre
Une maison où pour vous il y a toujours une chambre

Venez vivre une de ces heureuses vies
Entendez ces enfants qui dansent, chantent et rient
Souriez, nous ne verrez plus jamais la guerre
Vous ne vivrez plus jamais la misère

Bienvenue au sentier de séraphins
Admirer la lune et ses refrains
Vous êtes dans le royaume de l'amour
Bienvenue à la paix pour toujours

Voici mon pays, c'est le vôtre
Vous êtes comme un frère, le nôtre

TREASURES FOREVER

Keep me close, asked the well-worn picture
Either that, or never forget me, said the dried flower.
In your heart and mind,
These things should cherish,
Hold onto, in your memory - forever.
Candle lit faces around a campfire,
Remember the good times.
Or else, they'll die with the passing of time,
Left forgotten in the pursuit of other things.
You'll eventually regret it, if that happens.
Never let go of the past; please never forget me

REBIRTH OF THE FORGOTTEN

Off in a corner, left forgotten
Stands a memory, misbegotten.
Lonely and forsaken
It longs to be remembered,
Unless unfortunately, it becomes mistaken.
A glimpse, a glimmer, a ray of light.
Something familiar, a dream in the night,
Stirring memories of the forgotten.
It is finally remembered.

Never truly forgotten,
Just a memory worn by time,
Growing dusty in a corner,
Now pried loose by a fleeting similarity;
Brought into the open, shining with clarity.
It was finally remembered.

UN VRAI AMI

Quand j'étais en 7ième année, j'ai rencontré un Japonais qui s'appelait Yoshinori Sudo. Il était du Japon et du moment que nous vous sommes rencontrés c'était une attraction. Nous sommes devenus amis immédiatement.

Dans les trois ans qu'il était à Stanstead, chaque fois que nous nous parlions, nous devenions plus intimes. J'ai appris beaucoup de choses de Yoshi, de ses coutumes et comment dire quelques mots en japonais etc. La meilleure chose pour moi c'était d'avoir un ami international.

Tu rencontres beaucoup de personnes à Stanstead que t'appelles tes amis mais quand tu quittes Stanstead, c'est à ce temps-là quand tu réalises qui sont tes vrais amis.

Yoshi vit à L.A. maintenant et ça fait trois ans qu'il a quitté cette école. Nous nous écrivons encore et nous sommes de vrais amis.

Mr. A.R. Eveleigh

STAFF LEAVING

Ms. D. O'Neill

One evening in August of 1969 a man with an amazing black beard and an even more amazing British accent, rounded the corner of Bugbee House and got his first panoramic view of the Stanstead College campus. Tony Eveleigh had just arrived in Canada from England and was ready to take up his duties as a teacher of mathematics. Did he really suspect what lay ahead of him? Within days he was embroiled in the hectic life of this boarding school with all the joys and trials that such an environment entails.

Obviously he was a person who liked to be deeply involved in his work. Aside from those assigned duties of teaching, house duties and sports, it was not long before he was taking students on hiking and camping trips on weekends. If there were no time for an overnight trip, then a Sunday afternoon hike would have to do. Winter arrived and this man from rainy England became an avid cross-country skier and ski coach. For the next twenty-four years that sport remained his passion. His inveterate optimism would not allow him to admit defeat even when a January thaw left the fields and trails bare, and the rain fell in torrents. Brush cutting to prepare new trails, trail-marking and finally breaking trail in the new snow occupied the fall and early winter. Races in absolutely frigid weather, the Canadian Ski Marathon and skiing for the joy of it saw him and his team through the winter.

It may seem that his teaching of mathematics had become of secondary interest. His classroom involvement and his commitment to his subject and his students were always in the forefront. No student can forget his classes where many finally realized that it was possible to "do mathematics". Those chalk-covered fingers and hands, the chalk-covered jacket all attested to the challenge being offered and accepted in that classroom. (Did anyone ever see that sport jacket removed in the classroom or anywhere around the school?) None will forget the help sessions offered unselfishly in the evening and on the weekends. It was always possible to find out how to do that one thorny problem or one could always ask for some last minute help or attend regularly-scheduled review sessions before an examination period. Through laughter and tears many students finally unravelled the complexities of what they thought was an impossible subject.

The years passed and he was named head of the Math/Science Department. Devotion to providing the best teaching for the students of Stanstead College and for encouraging the highest academic achievement in Mathematics and Sciences continued the philosophy of the department. The excellent reputation of Stanstead students in the Mathematics and Science departments of many Canadian universities is due to that devotion.

To some he is known as Sir or Mr. Eveleigh, to others he is simply Tony. Maybe someone actually calls him Anthony. Someone referred to him as Mr. Everleigh, and some unnamed students dared to refer to Mr. Evil Eye. Whatever his name, he has been, and still is, a dedicated teacher and a warm and understanding human being both to his students and his colleagues.

By whatever name we call you, we wish you happiness and health in your retirement years. We thank you for your time, your presence, your understanding and good humour and your ability to inspire. We hope to see you often and will be happy when we do. Best wishes and good luck!

-- Paul Duncan

Although Della and her family have spent the last three years with us, it doesn't seem quite right that they will be leaving at the end of this school year to return to Montreal.

The infirmary and the many phases of school life which work closely with the nurse have shared a common concern for everyone connected with the school. The various sports programs have always consumed much of the nurses time and Della was certainly no exception.

I think I speak on behalf of all student athletes and coaches when I say that it was always comforting to know that we were being looked after at home or on the road.

I know I echo everyone's sentiments when I say that morning breaks in the staff room won't be the same without Ryan or Derrod putting a smile on everyone's face.

Della and her Department will be our loss. However, I'm sure her husband, Peter, will welcome the thought of not having to drive the autoroute every day.

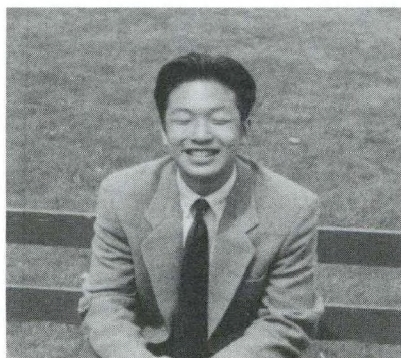

All of us at Stanstead - faculty, staff and students - wish Della and Peter and their family a continued happy life in Montreal. Thank you for sharing the past three years with us and please come back to visit when you can.

MEMORABLE MOMENTS: The Initiation, the coldest I have ever been. First time skiing with my friends and spending half the time falling. The music shutdown in the lipsync. Working out with Scobie. Mason, James, Frank, Scobie and me create the "killer scrum".

SPECIAL THANKS: I thought I would never make it through this year with all the rules and "Prefect Mania", but I did. I thank my parents for giving me this experience and my friends for supporting me.

Akiko Fujimoto '90-'93

A.K.A. No substitution.

ACTIVITIES: School Prefect, Vice-President of Investment Club, Yearbook Editor, Soccer, Swimming, Rugby.

MEMORABLE MOMENTS: It is unbelievable how quickly the three years have passed. Coming here knowing little English (and absolutely no French), I had to struggle during the first several months. But surprisingly, looking back upon my life now, I find that the most of my memorable moments come from that period of time. I will never forget that I used to have my hands full, copying down what was on the board without being able to pay attention to the lectures. I also will never forget the time I used to read my text books, holding a dictionary in one hand and looking up almost all the words in them. That was the time that I had trouble expressing myself. But, on the other hand, that was the time when I learned and achieved as many things as I possibly could.

SPECIAL THANKS: I would like to thank my family and my guardians, Mr. and Mrs. Neufeld, who broaden the world which I can be a part of.

Anne Marie Infilise '90-'93

QUADRA CHEMICALS IS ADOPTING THE RESPONSIBLE DISTRIBUTION CODE OF PRACTICE

Responsible Distribution is an industry-wide program designed to further improve the performance of the Canadian chemical distribution industry in the fields of health, safety, the environment, and in all communication interfaces with its publics.

All members of the Canadian Association of Chemical Distributors are committed to this program as a condition of membership.

Adherence to the program will be achieved by individual member companies implementing the Distributor Code of Practice which will govern all their actions in meeting the guiding principles of the program as they relate to all aspects of the distribution of chemicals, chemical products and services.

Quadra Chemicals has participated in the development and adoption of the Responsible Distribution code of practice from the onset.

WHERE POTENTIAL IS REALIZED

You have confidence in your child's abilities, and you want to be equally confident that you are choosing the right school.

At Stanstead we are committed to helping all our students realize their full potential. We are dedicated to providing your child with opportunities to succeed, in school and in life.

We prepare students for university with an individual approach to curriculum and with the firm conviction that each boy and girl has an important contribution to make, to our community and to the larger community beyond.
